Here is what to expect after your account is settled:

- We will send you a letter confirming your account has been settled.
- Your account will be reported to the credit reporting agencies as "paid in full for less than the full balance owed." It may take the credit reporting agencies 30 to 60 days to update your credit report.
- You may owe taxes on the forgiven debt. Please contact a tax advisor with questions about this.

Important information about settlements & charge-offs:

- A settlement arrangement does not prevent a previous charge-off from appearing on your credit report.
